To Whom It May Concern:

I am writing this letter to express my gratitude and appreciation to Angela Kirby and CDS Office Technologies for the tremendous products and service they provide.

A few years ago my school district was trapped in a copier contract with another company that proved to be costly and inefficient. Our secretaries had frequent repair calls and our machines were not appropriately suited for the usage that was required. Angela Kirby and CDS Office Technologies had done a full analysis of our district's needs. Angela was able to design a plan specifically designed for our school district. We were able to absorb all of our financial obligations to our initial copier company and still save money by switching to CDS. Angela Kirby replaced all of our machines with new efficient equipment which was better suited for our usage. Her knowledgeable and experienced saved our district money.

Since then, Angela has visited our school regularly to make sure we are still running as efficiently as possible. She has gained my trust and I would recommend her to any school or business. If you have any reservations or would like more information, please feel free to call me.

Sincerely,

Darren J. Root
Superintendent
