To whom it may concern:

My name is Michael Young the owner of Young In life Printing located in Mt. Vernon, IL. Over the past 4 years we have specialized in decorated apparel, however as our company has grown we saw an opportunity to provide paper printing services such as digital color copies, personalized paper print jobs business cards etc.

After meeting with representatives from 5 different Office Supply Companies, Ryan Gerber and his team at CDS Office Technologies sealed the deal. Ryan and his team explained to us in detail what our options would be under our budget. In a matter of days we entered in an agreement with CDS Office Technologies. Ryan and his team went above and beyond what we had experienced from other companies. What we thought would be a complex process was made simple. We feel confident knowing that Ryan is here to assist in all our needs and help our business grow. My first and only recommendation would be Ryan Gerber for all your office technology needs.

Sincerely,

Michael Young
