

Plainfield Fire Protection District
23748 W 135th St.
Plainfield, IL 60544
March 28, 2019

Ed Camacho
IT Director
CDS

Dear Ed Comacho:

As the Deputy Fire Chief for the Plainfield Fire Protection District it has been my pleasure to work with and oversee Alex Medina. Alex provides a wealth of knowledge and experience to the Fire District in the everchanging field of technology. Alex has adapted well to the platforms that the Fire District utilizes to provide our life safety services. Additionally, Alex continues to monitor and upgrade our systems to ensure our network is quick, reliable, and safe.

Alex is very motivated and continues to take on new projects that he believes will benefit the organization. He is very well respected by not only the members of the Fire District but with other fire service agencies, our local dispatch agency, and county 911 center. When other agencies are calling Alex about technologies he has implemented for Plainfield, it's evident that he is talented and an asset to our organization. He is easy to talk to and completes his work assignments that have been assigned to him in a timely manner.

Please accept this favorable review of Alex's work performance for the Fire District on my behalf. If you have any additional questions about Alex don't hesitate to contact me at any time.

Respectfully,

Deputy Fire Chief
